

Wire scraper tweezers 125 mm

Art.-No.	5-181
Description	Wire scraper tweezers 125 mm
Application	Precision mechanics, electronics, electrical engineering
Specification	interchangeable blades for wires \varnothing 0.6 mm
Material	Steel + plastic handle
Surface/Coating	burnished, degreased
Features	antistatic, non-reflecting, hard, fully insulated
Surface resistance	/
Shape	SCR: Scrapper
Icon No.	SCR1

Dimensions and weight

A = 6.5 mm
B = 10 mm
angle = 38°
 \varnothing = 2.6 mm

length 125 mm
weight 33 g

Application and technical data

For removing the enamel insulation on copper wires. Spare tips Art.No. 5-182
