

SET protective jaws 150 mm plastic leather cork felt rubber aluminum

Art.-No.**9-900-SET-150****Description**

SET protective jaws 150 mm plastic leather cork felt rubber aluminum

Features

suitable for vise jaws width 150 mm, content: article listing see below

with magnetic strips or magnetic points

for clamping parts with scratch-sensitive surfaces

yellow plastic covered with felt, cork, leather. Aluminum with rubber

FELT = non woven synthetic fibres (grey) very robust, durable, stable felt, lint-free

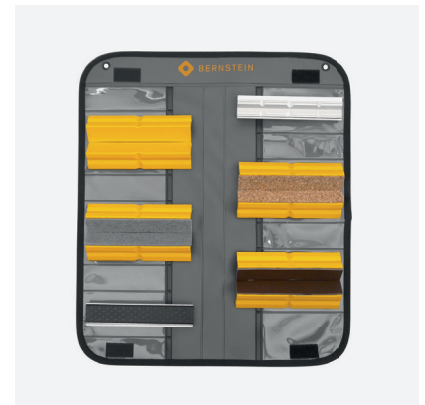

LEATHER = hard-wearing, optimal wear behavior, waterdrop authenticity

CORK OAK = very elastic, poorly flammable, natural and sustainable raw material

more protective jaws search field input 9-900

approx dimensions 430 × 390 mm

weight 1056 gr

**Application and technical data**

The plastic protective jaws sit perfectly on any vice with steel jaws due to their double magnetic strip. They protect sensitive components from scratches or damage. Thanks to the longitudinal and transverse grooves, round objects can also be securely clamped. If the grooves interfere with clamping, the smooth surface on the other side can also be used. The aluminum protective jaws also protect the parts to be machined, and the longitudinal and transverse grooves allow raw or flat material to be securely and firmly fixed in the vice.

Parts list

Set protective jaws 150 mm consists of:

9-900-SET-0 plastic bag for protective jaws, gray/black BERNSTEIN

9-900-S4150 protective jaws cork/plastic 150 mm yellow 1 pair consisting of two jaws

9-900-S5150 protective jaws leather/plastic 150 mm yellow 1 pair consisting of two jaws

9-900-S6150 protective jaws felt/plastic 150 mm yellow 1 pair consisting of two jaws

9-900-S7150 protective jaws plastic 150 mm yellow 1 pair consisting of two jaws

9-900-S8150 protective jaws aluminium/rubber 150 mm 1 pair consisting of two jaws

9-900-S9150 protective jaws aluminium/prism 150 mm 1 pair consisting of two jaws
